

## **All Praise and Honor**

---

This is the day You've made

So I will lift my voice

And give You praise

This is the day You've made

So I will lift my voice

And give You praise

You are worthy

You are worthy

You are worthy

You are worthy

Lord, when You are glorified

My heart is satisfied to know

All praise and honor are Yours

And when all creation sings

To You the King of Kings we know

All praise and honor are Yours
